

Zebra Graphic Design

Contributed by mpw

I'm Mary Wright and at Zebra I offer a complete graphic design service, from logos and stationery to websites and full corporate identity development plans. Most of my clients are sole traders or partnerships so I understand the importance of value for money, no matter how tight the budget. I don't employ sales people or "account executives" so you can be sure that if you place your project with Zebra, I will handle the work personally from start to finish. For more information, see www.zebragraphics.co.uk or contact me by e-mail at mary@zebragraphics.co.uk. I post under the id mpw at the River Cottage forum.
